Organic Voices and The Organic Center are excited to host the 3rd annual An Organic Night Out: Honoring the Year's Best in Organic at Expo West 2026! We are delighted to invite you to be a part of our 2026 event, which will take place on March 4, 2025. This event promises an unforgettable evening filled with celebration, knowledge sharing, and networking opportunities, all while supporting a greener and healthier future for our planet.

Building off the success of the last two years, we have made some additional improvements to strengthen the entire evening, including organic food and ingredients sourced from some of our sponsor brands!

Enjoy an inspiring evening with an opportunity to mingle and network with other organic stakeholders. Sip a beverage, enjoy organic food, and learn about the research and education both organizations are doing to advance organic and have a meaningful impact in the areas of crop production, soil health, food safety, climate, sustainability, and consumer education and awareness.

Join organic leaders and other exciting guests as we recognize and celebrate the success of organic brands, companies, organizations, retailers, farmers, researchers, and more in communicating the impact of organic to consumers.
