Why GOTS?

The Global Organic Textile Standard
(GOTS) defines requirements to ensure
the organic status of textiles, from
harvesting of the raw materials, through
environmentally and socially responsible
manufacturing up to labeling in order to
provide a credible assurance to the end

consumer. GOTS defines high-level environmental criteria along the entire organic textiles supply chain and also requires compliance with social criteria.

- Third-party certification
- Annual facility inspection
- Social & Environmental Criteria
- Composition Standards similar to the National Organic Program (NOP)
- Complete Traceability (Flock to Fashion)
- All processing aids and auxiliaries must meet strict toxicity and biodegradability rules
- Hazardous chemical are strictly prohibited
